Subject: RE: Reminder: your input for David's meetings with office directors for OWW today

Linda,

You can highlight the work the Puget Sound Program and ARU have been doing regarding High Tide Line and the Nationwide Permit reauthorization. The level of coordination has been good at both the staff and management level. Both offices are doing a good job of keeping each other informed.

Attending the OWW hot topics meetings provides a platform for me to let the office know what is going on with the 404 program. It also helps when new CMS or FOIAs come in.

Thanks

Michael J. Szerlog, Manager

Subject: Reminder: your input for David's meetings with office directors for OWW today

Hi everyone,

David and I will be meeting with the AOD for OWW today. Please send us any issues we need to raise with this office. We'd also like to be able to highlight the good work you're doing to support the office. Thanks in advance for your input.

Linda Anderson-Carnahan, Associate Director
